Coin + Credit Card + Digital Payments

FASCARD

The FasCard System works with existing coin laundry machines and accepts coins, credit/debit cards, loyalty cards and mobile wallet. FasCard gives you the flexibility to accept any or all payment options available with the system.

• Start machines with ApplePay and Gpay (F3 reader only)
• EMV Chip acceptance at the card reader & kiosk
• Freedom to choose your own merchant processor
• 1 Reader can manage 2 stack dryer pockets
• Loyalty programs for coin and card customers
• Smart Machine Interface – no extra key presses required
• Engineered and built in the USA

Featuring Simplified Operations

• Online Remote Management
• Manage Employee Schedules
• Easier collection Process
• Cellular Backup Service

Introducing the F3 card reader

- Full Color 3.5" Touchscreen Display
- EMV & NFC Enabled (Mobile Pay)
- Dual Coin Inputs (Quarters and Dollar Coins)

- 5 Multi-color Status LEDs
- Totally Field Reparable
- 1 Reader Can Manage 2 Pockets of a stack dryer

Kiosk options are available to automate card dispensing and loyalty card management
